LCEC provides utility-grade surge protection for your appliances and expensive electronics. A two-stage approach is recommended:

Stage 1:

Meter-based protection is a heavy-duty surge arrester installed at the electric meter, designed to protect your major appliances.

Stage 2:

Point-of-Use (POU) protection includes a selection of plug-in surge protection devices designed to protect your sensitive electronics.

“CAN” you help feed a neighbor in need?

You can help LCEC and the Junior League of Fort Myers fill the local community's food pantry during the 25th Annual Taste of the Town on Sunday, November 4, 2007. Drop your canned goods off at LCEC headquarters: (or bring to Taste of the Town)
4980 Bayline Drive, North Fort Myers.

All donations will go to "The Local Soup Kitchen."

In turn, The Local Soup Kitchen will continue to provide:

Hot Meals for elderly and shut-ins through Meals On Wheels

Breakfasts for deserving children

Bag Lunches for day laborers

Hot Meals served daily at the food bank
