

Thinking about building a home? Ask your builder about building an LCEC Good Cents Home

Why?

- ✓ A Good Cents Home provides the owner with an energy-efficient home.
- ✓ Since energy costs are a significant part of monthly home budgets, a certified Good Cents Home with its energy-saving features can have a higher resale value.
- ✓ Good Cents Home features can save homeowners up to 30 percent on heating, cooling, and water-heating costs.
- ✓ Additional thermal protection, along with the proper sizing of the air conditioning unit, optimizes the level of comfort by providing proper humidity removal while cooling the home.

SAVING ENERGY MAKES GOOD CENTS

SAVE MONEY on your electric bill

Let LCEC perform a **Free Energy Survey at your home.**

Don't wait until you receive a high summer cooling bill.

An LCEC energy advisor can help you understand your energy usage and how you can control your energy costs.

www.lcec.net

Call LCEC at 656-2226 or 1-800-201-SAVE
for a free energy survey.

A free energy survey by a certified LCEC energy advisor includes:

- \$ Checking temperatures of your air conditioning system, refrigerator and water heater.
- \$ Inspecting weather stripping and caulking around doors and windows.
- \$ Checking the calibration of your thermostat.
- \$ Inspecting air filters and your duct system.
- \$ Inspecting attic insulation.
- \$ 12-month profile of your electric usage.
- \$ Free brochures on energy conservation.
