GenerLink™ Today!  
Starting at \$699.95\***  
plus tax (no set-up fee!)  
7 year warranty  
\*generator not included

**GenerLink™**  
offered by LCEC

*Many Southwest Florida residents use portable electric generators to power their homes during electrical outages. While generators are a convenience, if used improperly, they can cause hazardous conditions for the homeowner and for electric utility crews working in the area.*

**GenerLink™ provides a safe connection from the electric meter directly to the generator.**

**Benefits of GenerLink™:**

- Easiest and safest generator connection
- Eliminates the use of extension cords
- Detects when a generator is operating and automatically disconnects from the utility grid, eliminating dangerous backfeed
- Allows customers to run any appliance up to the capacity of their generator
- Installed behind the electric meter by a certified LCEC technician
- Keeps your portable generator outside where it's safe
