

## LCEC Power to Share Program

Someone you know may be just one missed paycheck away from needing to make the tough decision between paying the electric bill or the mortgage. LCEC knows that some customers may be experiencing financial hardships.

Fortunately, by donating to LCEC's Power to Share Program, you can help those that need it the most.

The Power to Share Program is designed to be a short-term source of emergency assistance funds for those customers who are unable to pay their electric bill. LCEC has partnered with United Way to create a program funded by LCEC employee and customer donations to provide assistance to customers who meet the requirements in our service territory.

### Why Donate?

It's hard to imagine living without electricity but that becomes a reality for customers who are burdened by financial struggles. The United Way is committed to helping people in our community improve their overall quality of life through long-lasting change. When you donate to LCEC's Power to Share Program, you are contributing to an effort to make a difference in the lives of people in our community. Whether or not you are already contributing to United Way through your community or workplace campaign, we ask you to consider contributing to LCEC's Power to Share. If everyone gives what they can, we can make a difference in the lives of many. Plus, your contribution may be tax-deductible (see your tax advisor for details).
