

HOW TO REQUEST AN OSPREY PLATFORM:

Since 1993, LCEC has been partnering with customers and the International Osprey Foundation to help provide alternate osprey habitats located away from power lines. LCEC customers interested in having an osprey nesting platform on their property can partner with LCEC for the support in the preservation of wildlife. As a member of LCEC, if you are interested in having an Osprey Platform installed at your location please follow the steps outlined below.

NOTE: If you are interested in installing an Eagle Nesting Platform please contact LCEC's Avian Protection Manager at 239-656-2384 for direction.

LCEC customers requesting that their Osprey Platform be installed by LCEC should follow these guidelines:

- Step 1 Print out a copy of the [Osprey Platform Installation Agreement](#)
- Step 2 Review the Osprey Platform Installation Agreement and determine if you can comply with all requirements, or wish to proceed.
- Step 3 Complete all of the requirements as established in the Osprey Platform Installation Agreement including signing the Agreement.
- Step 4 Return completed Agreement and all attachments to:
LCEC
Attn: Risk Management
4980 Bayline Drive
North Fort Myers, FL 33917-3910

Or,
FAX to Risk Management
239-656-2392

Or,
Scan and e-mail to:
Wayne.Fiyalko@LCEC.net

LCEC will review the Agreement and contact you for clarification or to coordinate installation of the osprey platform.
